Dear Mr. Stewart:

Re: Renewal of the approval of GEO-flow Pipe Leaching System
for use in residential and commercial onsite sewage systems

The GEO-flow Pipe Leaching System is hereby approved for use in Indiana as a soil absorption field technology by the Indiana State Department of Health (department), under the provisions of 410 IAC 6-8.2-50(g), 410 IAC 6-10-8, and the *Indiana Standards for GEO-flow pipe Leaching System* published by the department on August 30, 2012. This approval is for the use in commercial onsite sewage systems and individual residential onsite sewage systems. Approval is effective this 21st day of August, 2014.

- I. ADS, Incorporated is required to:
 - a) Certify manufacturers, distributors, designers, installers and service providers;
 - b) Submit to the department a list of all certified installers, distributors, service providers and manufacturers for the State of Indiana on an annual basis; and notify the department immediately of the removal of any certified installer, distributor, service providers or manufacturer;
 - c) Submit for review and approval of the department any proposed changes to any system component or the GEO-flow Pipe Leaching System Design & Installation Manual- Indiana Edition prior to implementation of the changes;
 - d) Notify the department of any scheduled training event at least 10 working days prior to the event;
 - e) Provide on-going consultation to health department staffs, designers, installers, and service providers.
- II. The GEO-flow Pipe Leaching System is subject to:
 - a) The applicable provisions of ISDH Rule 410 IAC 6-8.2, and ISDH Rule 410 IAC 6-10;
 - b) Receiving and dispersing only domestic and/or residential strength wastewater;
 - c) The GEO-flow Pipe Leaching System Design & Installation Manual- 2013 Indiana Edition.
- III. The GEO-flow Pipe Leaching System manufacturer, designer, distributor, installer, and service provider is subject to:
 - a) ADS Certification;
 - b) Maintaining a status of good standing with ADS, Incorporated

This approval may be revoked or modified by the department for non-compliance, or if it is documented that it would not be in the best interests of public health for approvals to continue.
